

VISION

Violence • Health • Society

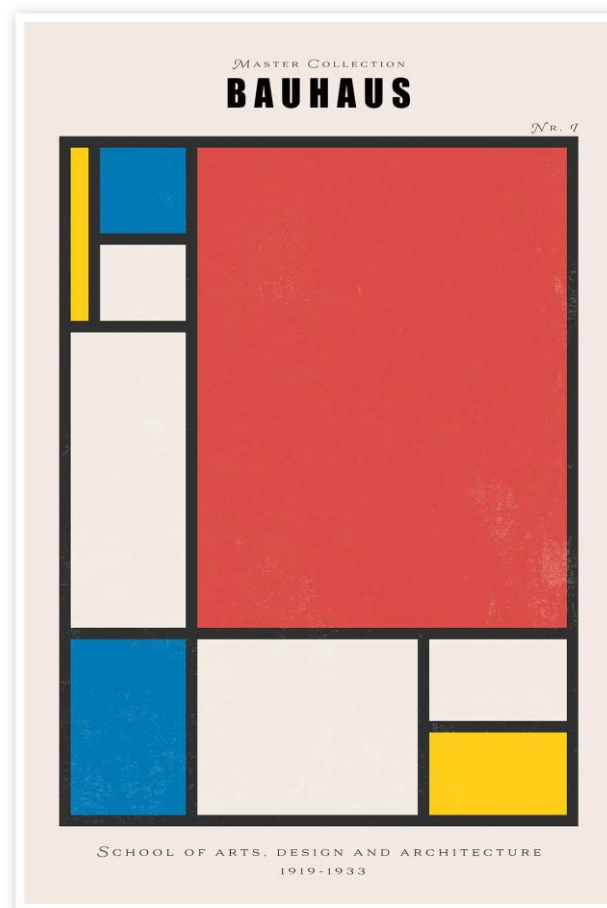

Co-produced resources for reducing violence and health inequalities

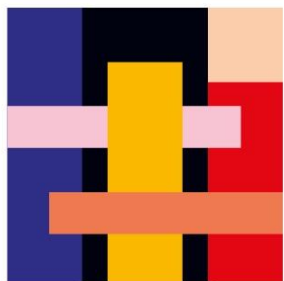

VISION is funded by the [UK Prevention Research Partnership](#) (Grant MR/V049879/1). The multi-funder initiative supports novel research into the primary prevention of non-communicable diseases to improve population health and reduce health inequalities.

Title

Adult Psychiatric Morbidity Survey, 2023-2024: Special Licence Access

The Domestic Homicide Review Dataset (DHRD) for England and Wales

Overview

This dataset contains structured data derived from publicly available Home Office metadata associated with Domestic Homicide Review (DHR) reports in England and Wales. It includes linked document-level, incident-level, victim-level, and perpetrator-level records. The dataset is intended to support research on domestic homicide, victimisation, perpetration, vulnerability, mental health, and related criminological and social policy topics.

NATIONAL AND LOCAL AREA CALCULATOR

SPECIALIST SERVICES CALCULATOR

How to use the calculator:

By using the Specialist Services Calculator, sexual violence support services can estimate the lifetime cost of their clients on society. Local authorities, commissioners, MPs, and the public can use the National and Local Area Calculator to determine the burden of sexual violence and abuse costs in their area.
